

A MESSAGE FROM YOUR CEO

Here we are one month after a 15 month long burden of public health restrictions, mandates and bans to hold back the Covid19- pandemic, and we have started to reopen up business as usual in our County.

We held our first in person mixer at our office last month, and it was good for the heart to see so many happy faces, and see everyone excited to be together sharing stories and networking on such a personal level.

Many other events are happening. In person ribbon cuttings, meetings, Arts Alive, and the return of the Friday Night Markets in August. Wanting to engage on a personal level will ensure that we will be participating in everything we can, including having a table at the Friday night markets.

Personally, I have been out and about in the community, visiting with members, holding in person meetings at restaurants and cafes. You can feel the energy. You can see the diversity of travelers. The streets, stores and eateries and bars are filled with happy people. I have had to make reservations most of the time, which is GREAT!

There is also a continued energy around the CERC (County Economic Recovery Consortium), partnerships and committees have been formed around Broadband, Housing, Economic Summits and more..... Collaborations are continuing like never before, which will only benefit our community! Meetings have been held directly with the Governor's office as to the needs of Humboldt County, and offers of opportunity and support.

All eyes seem to be on Humboldt, we are increasingly becoming aware that our beautiful part of California is the place to be in 2021 and going forward.

Donna Wright

WE ARE HIRING

We are Hiring!

WHAT'S NEW

The Eureka Chamber is Distributing N95 Masks to Local Businesses

The Greater Eureka Chamber of Commerce, in conjunction with the State, will be supplying free N95 masks to local businesses in order to ease the burden of complying with the Cal/OSHA COVID-19 Emergency Regulation N95 mask requirement (which went into effect June 17). This regulation requires employers to provide respirators/N95 masks for unvaccinated workers upon request.

Please call 442-3738 to place your order.

Legislative Action Can Avert Tax Hike on State Employers

Like the rest of California society, employers are cautiously hopeful the worst of the pandemic has passed. The wreckage of human life, family health, lost learning, small business failure, and faded economic opportunity has affected every resident of the state.

But even as the wreckage clears and the economy stabilizes, California employers face a long-term tax increase through no fault of their own. What's more, the Legislature can reduce this tax hike, but so far has refused to take any action.
